

CREASHAPON

from the musical creash by miki chambiki

chorus

not one lonley foamie will there ever be
not two lonley foamies you will ever see
not three lonley foamies not just one two three
four five freaky foamies Myvette set free

say all freaky foamies are you cleaning with/for me
say all freaky foamies are you sweeping with/for me
say all freaky foamies are you wiping with/for me
o-o-o-o-o we'll gonna see.

all freaky foamies - cleaning
all freaky foamies - sweeping
all freaky foamies - wiping

creashapon *

- * try to shake your mind take a look behind
- * go and find your dream after let it stream
- * so create your foamies shape them to homies
- * just go on and on and on and on and on :||

vers 1

one glance over the rim
and you see what ever has been
is too small, too tiny, too slim
so you just don't wanna stay in

no, you don't wanna stay in
no no no longer stay in
this tub is too tiny, too slim
for sure you don't wanna stay in

The second glance and the doubts come through
is the - how will I - or - how can I do?
Cause you feel like you'd stick in glue
not anyone got helping hints for you.

uh, you stick in glue
you feel like you'd stick in glue
no helping hints for you
and you stick, stick, stick in glue

FOAMIES, WIPE THESE MINDS

vers 2

with the third glace there won't be a back
you simply flush through this bottleneck
and without knowing what will be
your inner wishes will set you free.

They - just set you free
they - just set you free
not - knowing what will be
they just set you free

with the last glace away from the rim
a fresh breeze is surrounding your skin
just inhale it, simply breath in
the new vibes of life you stick in.

Eh, eh - simply breath in
eh eh - simply breath in
the vibes of life you stick in
eh eh - simply breath in

WELL DONE, FOAMIES.
